# Angels at Bat

*Sponsor an African baseball team*

Help an African Baseball team begin and grow!

Angels at Bat now is offering a sponsorship program. Your team/league could sponsor a baseball team in Africa and support the advancement of baseball in Africa. Your league or team would be helping a specific African team with obtaining uniforms, getting equipment, and more! Take the opportunity to spread generosity worldwide and sponsor an African team!

**Although we're 8,000 miles apart,  
baseball is still the same game**

You

**YOU WOULD...**

Create training materials for your African team, interact directly with your African team, help equip your team for game-time

Us

**WE WOULD...**

Get equipment to your team in Africa, aid in training, help ensure connection between teams.

Them

**THEY WOULD...**

Be grateful that they are able to compete and play the game that we all love, enthusiastically interact with your team

## SKILLS

Help African teams learn the skills of baseball necessary to succeed

## TEAMWORK

Help instill into both teams the value of working together as a team

## COMMUNITY

Help children learn the importance of generosity in all communities

African children aspire to achieve their status and attempt to do so in a multitude of ways. Many children choose to do so through sports. Baseball is a relatively new sport in Africa and very few teams are established — about 5 in the entire country. The lack of teams with sufficient equipment and training makes it difficult for children to use baseball as a way to advance. With your help, we hope to create more teams in E. Africa to allow the game of baseball to spread. Similarly, we believe that establishing a relationship between African and American teams will be beneficial for both parties in many ways. Informing each other of successes and creating interactions between teams will teach children valuable life lessons such as team work, giving to others, and acceptance. By adopting/sponsoring a team, you would be partnering with an African team. You will have a primary role in equipping your team if they are not already fully equipped. You will also be receiving updates on their successes and growth. Additionally, you may find it worthwhile to create training videos for the team to watch and learn the game. If you are interested in sponsoring a team, contact us via phone or email and we can share more specific information! **PLAY BALL WORLDWIDE!**

**CHEZA MPIRA NA KARIBUNI AFRIKA!**

**“With the help of Angels at Bat, Kenya Little League will make baseball a major sport in Africa”** *—George Mahinda of Kenya Little League*

= Current Kenyan teams

= Possible Future African teams

## WHAT IS ANGELS AT BAT?

Angels at Bat is a non-profit charity founded by Max Bobholz when he was just 12 years old. Angels at Bat collects baseball equipment for children in Africa with a current emphasis on helping teams in Kenya. Angels at Bat has seven branches in Wisconsin (base), Colorado, Alaska, Minnesota (x2), Illinois and Missouri. As of 2018, Angels at Bat has collected over 10,000 pieces of equipment since 2012. Angels at Bat has been recognized as the primary source of baseball equipment for the entire country of Kenya by the president of Kenya Little League.
